[The Greatest Sporting Nation](#)

[Global Cup is a data driven](#)

measurements of how the world's nations perform in all sports. It is compiled by three Oxford founding partners, Dan Thompson (UK), Hans Stocker (Germany) and Nic Mira (Italy).

Rankings are based on points allocated in the Women's category at the end of the 2022 year. The % from Women category indicates the percentage of points collected by women relative to the total points for each nation (in parentheses).

Note: England score uses United Kingdom data (includes independent FIFA members Northern Ireland, Scotland, and Wales) in the calculation.
